June, 2015

Last group picture of partners in Copenhagen

FINAL EVENT & VALIDATION OF THE TOOLS

On Wednesday 27th of May, in Copenhagen – Denmark was the first day of the Final Event of ST-ART APP project, with the participation of all partners as well as local stakeholders. The event was hosted in the prestigious Black Diamond Royal Library.

Financed by the European Commission's funds, ST-ART APP Project aims to develop

With the end of Final Event, partners closed the list of transnational meetings foreseen by the project and they will organize a virtual one on September 2015, in order to define and check last activities before the closing of the project.

During the Final Event, partners shared national experience about experimentation of ST-ART APP's didactic tools as well as they introduced a SWOT analysis. From partner's presentations,

entrepreneurial skills in Cultural Heritage field.

FLE, host partner, welcomed all partners and opened the project activities with the whole Consortium.

Subsequently, the Project Coordinator, ECIPAR of Ravenna, started the day's activities.

emerged users' high level of satisfaction, interest and good evaluations of the tools.

Actually, more than 200 users foreseen by the project have been involved in the experimentation phase: great success!

In addition, each partner explained how he intends to promote and disseminate the on-line platform and App as well as the project's results.

Two days of hard work..

THE START-APP PROJECT

Through the adaptation and integration of innovative contents of a LLP Project, I-CAMPUS, the present project proposal, ST-ART APP, aims to develop skills and enhance self-employability by creating connections between VET, education and labor market by working with transnational partners in the sector of Creative Enterprises, Cultural Assets and Heritage.

Enterprise start-up is a relevant job placement opportunity and the new programme Europe 2020 aims to stimulate it in order to support European economic growth.
